

Activity 3 Prompt Sheet

Activity 3 | Topic 01 | C013 | Version v1.0

Core prompt

Write a project charter for launching an internal knowledge-sharing platform. Include objectives, scope, risks, stakeholders and success criteria. Mark every assumption clearly.

Prepare the inputs

- Open mock-data.xlsx and review every field before copying selected rows.
- Replace bracketed placeholders with your agreed project context.
- Remove names, credentials, personal data and confidential business information.

Prompt iteration

1. Run the core prompt and retain the first response.
2. Ask the model to list assumptions, missing information and uncertain calculations.
3. Correct the inputs and request a revised output in the required artifact format.
4. Record what changed and why the final human-corrected result is stronger.

Verification checklist

- Recalculate every number independently.
- Open and verify every cited source.
- Reject invented facts, changed identifiers and unsupported conclusions.
- Check the final artifact against the activity success criterion.
- Keep final decisions and approvals with the human project owner.
